- A total of 18 meetings made up our 2011-2012 stamp season.
- The Board met formally three times throughout the year to discuss club business.
- Alternative meeting sites continue to be investigated. Instead of meeting Thursday, September 20 and October 25, we will meet on September 22 and October 27—both on a Saturday—from 2 to 5 PM at the Brighton Reformed Church, 805 Blossom Road near the intersection of Winton and Blossom. This site may be available Thursday evenings in the future.
- ROPEX 2012 took place May 18-20. While the show had a balanced budget, the absence of three dealers for a variety of last minute reasons caused the show to go in the red due to the lack of their table income. Seven new RPA members joined at ROPEX.
- ROPEX 2013 will be our 100th anniversary show and feature a joint WSP exhibition with the American Topical Association.
- A variety of special programs and activates are being discussed to celebrate the club's centennial.

The evening continued with a live called auction.
